BED-ROCK PRICES. Do you know that a buyer for cash invariably gets from ten to twenty-five per cent lower than installment buyers, and that the man who is sacrificing property always does it to raise money?

That is why buyers of real estate who have but little money get a big advantage in buying through the Home Trust & Savings company. With \$250,000 of its own money this concern can secure buyers the cash price, while realizing the seller his returns in spot money. During the past week a Sait Lake merchant was enabled to save ten thousand two hundred dollars on a business site, paying spot cash through money furnished by The Home Trust & Savings Co. The same results are recorded in buying a small home or building lot-dealing with a congern which enables you to pay spot cash gets you the inside bargains.

Here are, a few places at a sacrifice to paise culck money. If you have but a small amount of ready cash, we will furnish the remainder and enable you to get the benefit of the prices:
